

Voices by The Sea Fest 2023 aims to provide choirs from diverse backgrounds and genres with a chance to unite in a choral gathering held at some of Ireland's most exceptional cities.

Instead of focusing on competition, the festival seeks to inspire choirs to showcase their repertoires. This event was born from the initiative to bring together individuals who share a common bond through their love for singing.

Join us and celebrate the diversity of the arts by connecting Ireland's choral professionals and create memories to inspire future generations to enjoy music and the arts.
